Post-WWII Locations of Latvians who migrated to Alberta

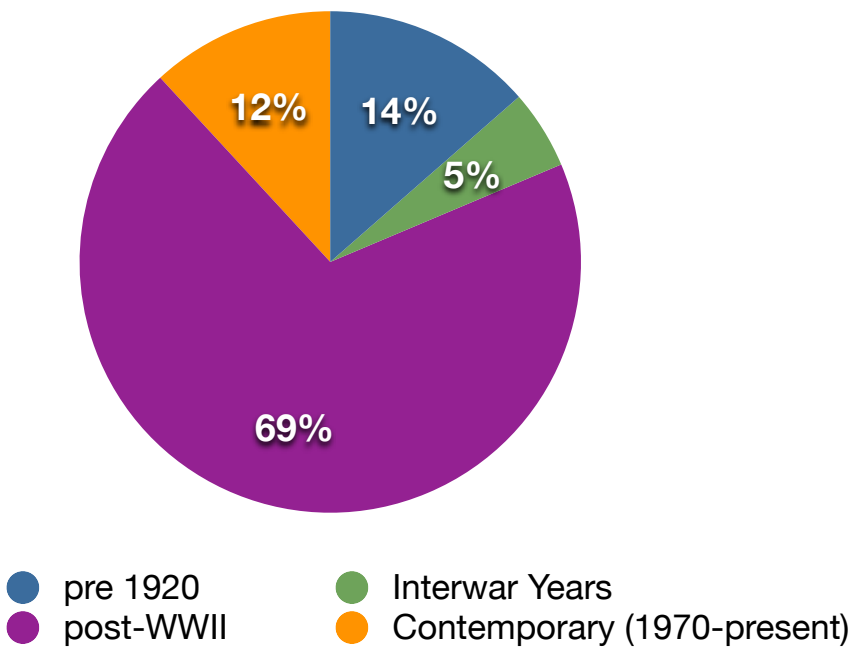

This does not represent the entire Latvian population of Alberta. Represented here are only the oral history contributors and their families, most of whom are located in Edmonton.

* note: all Latvians represented as residing in England following WWII moved to England after fleeing first to Germany. The German statistic represents both those Latvians who moved to England and those who stayed in Germany and then proceeded to Canada or the USA.

** of those Latvians who immigrated to the United States after WWII, all were originally in German displaced persons camps. The Germany statistics represents the people who moved to the United States following their stay in Germany.
