

accept it. We must prepare
for that possibility. If the
constitution fails & is
completely withdrawn, we
are returned to a confederation
of provinces under the BNA
act, to whatever Charter
of Rights & our statute &
court laws that can
protect us we

A future in the West - is it possible?

The constitutional & legal
right changes first have to
go & go completely. or Canada
is not even a democracy nor a confederal
Secondly the colonial^{of provinces}
exploitation of the west
by ~~the~~ a central^{federal} government
how how low to Eastern
workers greed alone has
to go. Already ^{the west} we have been
robbed of too much
In our ^{sau-west} major industry who do all
who agriculture the farmers
by defying paper the sales
Now

get ^{only is B.C. gov't} ~~as to be~~ ^{to} be Ontario in Barley
the they let the Alberta
farmer ~~cover~~ all expenses
of raising ~~the~~ Barley & he ~~has~~
makes less profit than the
Ontario ~~farmer~~ ^{farmer} does by just
buying Alberta low priced
& selling it at a permitted
higher price.

Already we are paying
anywhere from $\frac{1}{4}$ to $\frac{1}{2}$ ~~to 3~~
almost a half of our earned
income to allow ~~what~~
are we getting ~~an~~ ^{in return} for
a radio TV network that
primarily ~~sells~~ ^{is} government
ads a navy ~~or~~ ^{air} force
with absolute

With

Owning $\frac{2}{3}$ of the Canada
land with ~~the~~ ~~us~~
which ~~has~~ our truly its
most valuable asset

With

so long lived. At that point

so long loved. At that point
the only alternative we will
have is to save the Canadian
way of Canada is a
Canada West;

If he still

If we force the charter &
constitutional defeat we are
still left with the east
attitude of treating us
as colonials? + economic
constant economic
emasculation

like Mr. Harris
proposes on
the ex-Cleland
or the ex-Cleland
with social
cost

We can not ^{change} ^{the} ^{way} ^{we} ^{are} ^{run} ^{by} ^{the} ^{same} ^{old} ^{ways}
forming new parties, ^{all} ^{was} ^{the} ^{same} ^{old} ^{ways}
that has ^{been} ^{the} ^{same} ^{old} ^{ways}
ago social credit & the CCF
tried to do that & they
became lost & confused
when they moved ^{tried to} ^{move} ^{forward}
parties. The Social Credit demagogue
the CCF changed their policies
& turned not western ^{at all} but
socialists extreme into
a party that believed not
instead a left socialist
Canadian group. No new

Canada. I
to a liberal orientated
one will fade into their
eastern compatriots
even faster. Political
parties are not the
answer.

1885

We have tried the vote from
out method. & that ^{has} failed.
What ~~we~~ could be clearer
than to remove only one
seat in $\frac{2}{3}$ of Canada's
land area & yet it have no
effect.

What is left for us to
retain the Canada ^{too} we
loved. ^{Is it possible for us} Can we preserve
it in a Canada West.

I believe we can, but we
can only do it not ^{only} because
it is right but because
we believe so many westerners
believe in it & will &
want it: & are prepared to

~~the second is to rob the provinces
of the individuals~~

~~reduce the individuals &
the provinces right to grow
acquire holding them of
his security to even properly
rights~~

He can not do that unless
to do that he has to rob
with the individuals & the
provinces we live in of
powers; our
emasculates the

He can not do that
unless he seriously takes
from the individual
& the provinces their
basic right to property
This is trying to do it by
~~the second~~
throwing events to the populace
hoping while they sleep
What can we do.

First of all the constitution
has to completely go.

~~If the cons~~

What can we do - Where
can we go.

If Trudeau passes this
constitution in its present
form got changes entirely
Canada's past laws & seriously
centralizing more money & more
power in Ottawa

If Trudeau passes this constitution
that does not offer me as
a Canadian the choice to
live in a confederacy of
provinces

If Trudeau passes this
badly drawn constitution

in the present form ^{of the province of Canada} &
robs me of my basic
rights to property - then
I know in my case I
will have to leave - just
as my ancestors originally
left to immigrated to
this country in search
of independence.

Will there be a Canada
West I can live in

If Trudeau is able to pass
this constitution in any form
that robs me of the province
I live in of its basic right
to own property &

There are ^{one} ~~two~~ thrusts
in this constitution one
to ~~emasculate our~~
^{by law} ~~present individual~~ ^{uncontrolled}
to centralize power & revenue
in the federal government
and the second to impose
on the individual ~~control~~

If that fails in part even
then we must form & retain
the Canada we knew a
confederation of provinces with
democratic rights. if we
rejoin ^{canada} in a part of Canada
it ~~is~~ ^{is} ~~not~~ like our ancestors.
mine too we better prepare
to move to a more democratic
country.

It's vital we save the
Canada we chose & we know
& love.

How do we do it. We have
to do it by numbers. It
must be a movement of
the people. There are not
enough in this hall tonight
to do it. ^{There were enough who went to the polls on} You as individuals
aware of the dangers must
alert your friends & form
small groups in your homes
If you need material &
Speak at local. discover
where your group. We can

no longer count on the press.
It's not their fault - they are ^{of individualities} only small weekly newspapers for sale.
all eastern owned. We are going to have to do it on our own.
Mr. Finlason is a concerned ^{reports} individual he has financed the ^{carlive} ^{speech} ^{for} ^{us} meeting but how many more can be done that way. ^{Mr. Dave Tenno} ^{paid} ^{money} ^{for} ^{name} ^{for} ^{meeting} ^{possibly} ^{small} ^{one}.
As always in my position I shall be a volunteer - speaking & writing on my own without pay. We work from concern for Canada for our children's future. If you want the speech can be printed and you can sign up in the lobby for copies at cost. We've set it at \$5.00 after all even 10% of that will go to the federal govt. to mail it to you.

We have to write all the provincial premiers & tell them we are willing to preserve the Canada we

knew, to protect our rights
the provinces rights over
resources we are prepared
to become a Canada West

Our first line of defense
is defeat of the constitution
our second is to prepare
ourselves & our premises
we can wait long.

We can of course if we
decide firmly to do it.

If the west had back the
1/3 on every bushel of wheat
Allowa takes, if we had
back the 1/3 of our oil
rights profits if we even
got back the 1/3 of every
westerner's income
For Allowas taken it is
possible to continue all pensions
all & certainly to at least
improve because it from
zero - postal service civil
defense. We won't need have

an overpowering expensive
bureaucracy. & so we will
have ^{valuable} ~~no~~ allies democratic
countries like US & England
after all Trudeau's done
nothing but harm their
relations. He's broken his
agreement with the US on
the soviet embargo ^{by} ~~the~~
new ^{large} wheat sale to Russia
He dances with the arabs
he ~~buys~~ buys Mexican oil &
Arabian oil while the US
^{tries to cut back on} ~~worry~~ ^{of} ~~worry~~ ^{oil} ~~worry~~ ^{over} ~~worry~~ ^{their} ~~worry~~ ^{hostages} ~~worry~~ ^{we}
~~worry~~ ^{could} ~~worry~~ ^{will} ~~worry~~ ^{have} ~~worry~~ ^{allies} ~~worry~~ ^{but} ~~worry~~ ^{no}
democratic allies.

We will have the most
valuable thing Canada has
~~the possible~~ ^{possible} - Canada West ^{feeling of} ~~the~~ ^{pro}
~~sovereign~~ ^{govt} ~~govt~~ ^{2/3} ~~of~~ ^{of} ~~all~~ ^{all} ~~the~~ ^{the}
land that we call Canada.
the ^{2/3} the Ottawa government
has insulted ignored & now
even is trying to take
control of their ^{over from them}

affairs & own financial
resources, but ^{it is possible it will work} ~~too~~ ^{at the moment} ~~of~~
~~well~~ ^{he has} ~~it is~~ ^{deliberately}
~~the intent as clear by bringing out the~~ ^{clearly bringing out the} ~~idea~~
~~that is the most vital~~ ^{our rights}
~~matter of all.~~ ^{is what}
our ancestors or we ourselves
came here to find, ^{Prosperity alone} ~~that~~ ^{is never enough}
~~is important~~ ^{food on your}
~~table is vital~~ ^{but ladies}
~~& gentlemen you can~~
~~not gentleman like~~
~~if you have to sit down~~
~~to eat with fear it is vital~~ ^{basically}
We have nothing else
to do we have been
driven to the wall to
preserve those rights
the Canadian way of life.
