Enclosed is my suggestion  
for an add which you  
could run in the Advocate.  
I'm sorry it's taken me so long  
to send it but I have been  
very busy.  
You will have to screen the calls  
that come in to make sure that  
who ever forms the group are  
people who really care about the  
environment.  
Please let me know what happens.

thanks,
