Dear Jake Thiessen:

Thank you for your letter of February 28, 1992.

What changes have been made in the Parly Creek-Buffalo Lake Water Management Project since the May 21 and 22, 1991 public hearings?

What, if any, changes have you made in your plans to mitigate the impacts of the project?

What information, if any, in addition to that contained in the Environmental Impact Assessment prepared by Environmental Management Associates in March 1991, do you have on the potential environmental effects of the project?

What Federal approvals or exemptions have you received for this project?

I look forward to your response to this letter.

sincerely,

A handwritten signature in dark ink, appearing to read 'Martha Kostuch', with a long horizontal line extending to the right.
