Attention: Martha Kostuch
Vice-President

Dear Martha:

Thank you for your letter of February 10.

Congratulations on your victory! Perseverance furthers!

Regarding costs, EDRF grants were made on the condition that the Friends repay the Fund up to the amount of the grant from the proceeds of any cost award. We have not yet had the pleasure of having a grantee receive a cost award, but if there is any money left over after you pay expenses on this case we would very much appreciate being reimbursed. It would be a strong selling point for trying to get more money for the Fund. Please let me know how the financial side of things turn out.

Congratulations once again. You have certainly done an enormous service for environmental law in Canada.

Yours truly,

WEST COAST ENVIRONMENTAL LAW ASSOCIATION
